"STARGATE" REMOTE VIEWER Joe McMoneagle to Teach At TMI

If any one event could ease the transition of Skip Atwater's departure from TMI - in particular, his role as facilitator of the Remote Viewing Practicum - it would be that Joe McMoneagle agreed to take it on.

Joe is already familiar to **Gateway Voyage®** grads from his provocative evening talks. To the world he's known as one of the U.S. Army's premier remote viewers. In fact, back in the 1970s when Skip headed up the **Stargate Project** it was he who recruited Joe.

Skip and Joe sat down together last week. They discussed their shared history, their views on TMI, and the future of the **Remote Viewing Practicum**. This is a conversation you will want to hear.
